PH.D. OPPORTUNITY AT TIANJIN UNIVERSITY

AIMC recently entered into a partnership with Tianjin University in China. This agreement will provide our students and alumni the opportunity to study at the University, and enroll in such programs as a one to three month intensive training program taught in English. Under this contract, AIMC students are also eligible to apply for a scholarship for the Ph.D. program, which is a 3 year course and starts in September every year.

The scholarship, which covers tuition, room/board, and allowances, is being offered by the government of China and is available only to US citizens. The University is in the process of submitting an application to the Chinese government and we expect to have more detailed information (i.e. how many seats will be available for the alumni of AIMC Berkeley) by this coming April. For further information, please see President Tanaka.
